Most people find that getting some fresh air on a deck that is in the middle of the ship and lower will be a little less rocky. Gradually we learn that the two have a sort of symbiotic relationship, but they aren't aware of this and it does not prevent intense and violent rivalry between the two species. Your best friend is always down for the cause. This can affect appetite, concentration, and memory. Archived from the original on 26 July Fast facts: recent statistics from the Library Research Service.
