Explicitvs.InternationalJournalofSocialRobotics7-Baum,C. This is a surprisingly optimistic and hopeful book that is not expected from the title. It is not an ideological or pragmatic

system intended to define and generate economic, political and social relationships, but is a category unto. That is, it would be specific to us in our capacity of human beings as opposed to pigs or asses, as already Heraclitus recognized when he penned his immortal lines "Pigs delight in mire rather than in clean water", and "Asses would choose chaff rather than gold" The standard of comparison in both cases is of course human beings: We are the ones who would choose clean water and gold, and the differences ultimately come down to the different biological natures of the species in question. I did not miss the mark, nor did I grow weary in stringing the bow.
